On the Job Site

Site Offices & Lunch Rooms

Now's the time to book for your upcoming site accommodation needs. We've recently expanded our already impressive fleet of quality Site Offices and Lunch Rooms—most now including A/C, fridge and microwave. Add tables, chairs, a plan desk, an urn, and a generator and you've got a real "Home from Home".

- 6m x 3m
- 6m x 2.4m
- 4.8m x 3m
- 3.6m x 2.4m

Ensuite On Tow

Planning an outdoor function but hate the idea of using temporary toilets? Renovating a bathroom and don't want to shower with a garden hose? Then look no further than our "Ensuite On Tow". Simply unhook the tow-hitch, plug in the power, connect a water hose, run the waste pipe and you're away. Hot water shower, quality sink with vanity, freshwater flush toilet, a light and an extractor fan. A fully-functioning Ensuite wherever you need it.

Special—\$180 per Weekend

Special—\$350 per Week

Temporary Fencing

Make securing your worksite fast and easy with our extensive range of temporary fencing. Our fencing can be quickly and easily installed without the need to disturb the surface area by digging holes or laying foundations. All panels are approx. 2.5m long by 2m high, so simply measure the distance you need in metres, divide it by 2.5 and that's how many panels you need.

Focus on Worksite Toilets

With such a wide variety of Portable Toilets around it's often difficult to decide which model best suits your needs. You also need to consider what pump-out frequency you require - weekly? Fortnightly? On demand? Bear in mind that it is substantially cheaper to be on a scheduled pump-out program rather than "on demand". There a basically 2 different models

The aptly named "Straight-drop"

Freshwater Flush

"Straight drop" obviously most suitable for site, minimal maintenance and cheapest

Freshwater Flush more suitable for Events, Parties or for the more discriminating subbies
